

Marketing Authorization Form

Afilias occasionally requires authorization from the RRA signatory on marketing matters (e.g. co-op reimbursement, renewal program participation, etc.). Some registrars have asked Afilias to accept direction on marketing matters from a person other than the RRA signatory. In order to allow this, Afilias requires the RRA signatory to delegate this authority formally. This form enables the RRA Signatory to delegate these duties, with respect to marketing and promotional programs for .INFO only, to a designated contact.

If you do not wish Afilias to accept marketing direction from someone other than the RRA signatory, no action is necessary.
